### Creative Thinking: Reverse Musical Genres

Activity 1 Think about music you like. When are you likely to dislike this music? Why would this happen? Write in detail below.

| Favorite Genres of Music | When I DISLIKE this Genre   |  |  |
|--------------------------|---|--|--|
| Rock Music               | I don't like it when rock music is too loud. It hurts my ears then. | I don't like to listen to rock music when I am trying to sleep. It gives me too much energy. | I don't like to listen to rock music when I study English. I can't concentrate on the words I need to learn. |
|                          |   |  |  |
|                          |   |  |  |
|                          |   |  |  |
|                          |   |  |  |

Activity 2 Tell your partner about music you like. Tell your partner when you dislike that music.
